All,

The attached file represents the nightly Dimock Sample Management Report for July 3, 2012. Note that the samples were collected on July 3, but due to the upcoming holiday, are being temporarily held and will be shipped to the lab on July 5, 2012. The lab should expect to receive the samples on Friday, July 6, 2012.

Please let me know if you have any questions.

Thank you,
Suddha Graves
